

SALE of NATIONAL RANGES

We have a number of National Ranges we are desirous of closing out in a hurry and have cut the prices deep to move them quickly.

The National is a first class stove in the moderate price class. We have carried this line for the last ten years or more and can guarantee it in every respect. It bakes perfectly and is economical in the use of fuel. The fire back is guaranteed for the life of the range. If you can use a good stove at a very low price, this is your opportunity.

MURPHY MANAGER OF OGDEN PACKING AND PROVISION CO.

The Standard last night published a news story announcing that J. T. Murphy of the Cofin Packing & Provision company had been made manager of the Ogden Packing & Provision company. The headline above his article erroneously said "Temporary Receiver for Packing Company."

Mr. Murphy is not the receiver and the company has not gone into the hands of a receiver.

Mr. Murphy is one of the best men in the country in his line and has taken active hold of the management of the Ogden Packing & Provision company.

Rheumatism Sciatica

A good hot mustard plaster is sure to overcome most rheumatic pains and also sciatica and gout, because heat causes pain.

Begy's Mustardine is just as hot as the old-fashioned plaster, more effective, quicker, cleaner and cannot blister. Don't worry about those rheumatic pains and twinges. Apply Begy's Mustardine tonight over the affected parts and cover with a cloth—that's all—but oh what joyful relief. 30 cents. All druggists. S. C. Wells & Co., Le Roy, N. Y.

Coal Operators Asked to Work Out Contracts

INDIANAPOLIS, Ind., March 19.—Cecil J. Fletcher, of Indianapolis, secretary of the Knox County Coal Operators' association, surrendered himself to the United States marshal here today. Fletcher is one of the 125 coal operators and miners indicted here by a special federal grand jury last week on a charge of conspiracy to enhance the price of coal and to defraud the United States government.

Fletcher was the first man indicted to surrender himself. Capiases have been in the hands of a printer for several days, but none has been served. It was said here that others indicted intend to give themselves up during the afternoon.

FOUR MEN ARRESTED FOR LOOTING CARS AT SIDING

After figuring closely on the job since eleven o'clock yesterday morning officers of the sheriff's department and city detectives made the arrest; last night of Louis Zappacosta, 41, Sam Polder, 41; L. J. Carotta, 28; and Jesus Chavez, 28.

The first three are Italians, the last a Mexican. Officers making the arrest were Sheriff H. C. Peterson; Deputies R. H. Wootton, William Brown, T. H. Blackburn, Joe Chadwick and Bert Clites, and City Detectives Tom Burk and Everett Noble.

The arrest came about by report of the Utah-Idaho Sugar company to the sheriff's office that two cars at Brown siding had been looted and on investigation by Sheriff Peterson it was found that ten cases of condensed milk had been stolen from one car, and fifteen sacks of sugar from another car.

The stuff was traced to a cache in an old deserted house in the north-west part of the city and Deputies Brown and Chadwick left in charge to watch the place. About 7:30 in the evening the other officers named went out to the place just in time to see the beginning of a shooting fray between occupants of a large auto truck and the two officers. The truck was occupied by the arrested men and another, who made his escape.

Chadwick and Brown had watched the men drive the big truck up to the house, go into the basement and come out each with a case of milk, then the officers challenged them and one of the Mexicans opened fire. Sheriff Peterson and Captain Burk arrived on the scene just in time to make the capture.

It is said that the escaped man is probably shot and may be found within a day or two.

The arrested men are in the county jail awaiting trial.

FANTASIES AT ORPHEUM.

There is always something appealing in a school days act. It must be because nearly everybody has gone to school and remembers the pranks of the naughty boy, the perfection of "teacher's pet," the embarrassing situations the teacher sometimes finds himself in and many other incidents that make memories of school days pleasant.

All these pleasant memories are recalled in "The Schoolmaster," an act presented at the Orpheum, as a feature of the Pantages bill, with Charles Hendrix, Charles Matshall, Ethel McMahon, Helen Randall, Mary Bowlin, John Tafero, Herbert A. Pratt. There are many laughs in the act, some song and clever dancing.

Another excellent act is furnished by "The Gellis," a French family in sensational feats of tumbling. The members of this group do several

Irish Plan Uprising for Easter Monday

LONDON, March 19.—Allan Ciment Edwards, liberal, has given notice on the London Times says, of his intention to ask Premier Lloyd George in the house of commons Monday whether the government is informed of a rising planned in Ireland for Easter Monday and a local rising at the same time at Liverpool, Manchester and Glasgow. He will also ask whether the navy has seized a consignment of arms and ammunition from Germany and whether there is reason to suppose that the German secret service is back of the planned uprising.

There is another singing act. It is supplied by "three girls from harmony land." Their trio work was popular, especially their rendition of "Dardanelles."

Some clever comedy work and an exposure of several old stand-by tricks of magicians are furnished by Ronch and McCurdy.

The bill is opened by Frank Shields, who has a Will Rogers larrikin novelty in which he performs several difficult tricks with the rope and has a line of patter besides.

At Erickson's orchestra plays well as usual and the screen magazine entertains and instructs.

PUBLIC SENTIMENT IN UTAH STRONGLY FOR PROHIBITION

Mathonibah Thomas, state prohibition director for Utah, completed his survey yesterday and dispatched his report to district headquarters in Denver. The survey has been conducted through city and county officials, and bishops of the L. D. S. church and has been effected by means of a questionnaire covering all aspects of the present state of public sentiment and actual conditions with regard to the enforcement of the prohibition law.

The report shows that, public sentiment in Utah is strongly in favor of prohibition; that arrests for the viola-

tion of the law are followed by conviction in court; that bootlegging is still prevalent, particularly in the mining camps; that the greatest hindrance in enforcing the law comes from the sale of extracts containing a percentage of alcohol, and that this fact is doing great harm among the young people of the state; that private stills are being operated in many quarters but are being quickly seized by city and county peace officers; that druggists and physicians are largely supporting the enforcement of the law; that most of the districts in the state are able to cope with the present situation without federal aid, but a few sections are in need of outside help.

Mr. Thomas says in his report that home brewed ales and distilled liquors are so badly made that this attempt to defeat the law will soon pass away.

In company with David Thomas, United States prohibition director, Mathonibah Thomas is shortly to make a complete tour of the state. A close inspection of the cities and counties will be made in the effort to make prohibition enforcement a success.
